

Camp Royall staff might wear a mask

There will be times where Camp Royall staff will have to wear a mask on their face.

If they put a mask on their face, they are doing it to keep you and themselves healthy.

If they put a mask on their face, only they can take it off.

It might look strange for them to wear a mask.

But they will still be able to talk to you and laugh with you.

They will be smiling even if you can't always see it.

Camp Royall staff care about you so very much.
