

# Strangers

Strangers are people who I do not know.

I should not talk to strangers unless I am with my family.

Some strangers are safe but some strangers are not safe.

I should not go anywhere alone with a stranger.

A stranger should not touch me.

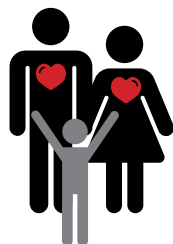

I should not touch a stranger.

I should not get in a car with a stranger.

I should not email or text with a stranger.

When I am at a store, at a park or other places, I should stay near my family.

I need to stay safe.
