Temperature checks

In some places such as school, programs or camp, the staff will take my temperature.

A thermometer is used to make sure I don’t have a fever. There are two ways to take my temperature.

1. The Infrared thermometer is held to my forehead to read my temperature.

2. Or, the ear thermometer is placed just a little inside my ear to read my temperature.

These two ways do not hurt me. Everyone is proud of me for getting my temperature taken.
