

Trick-or-Treating

On October 31, it will be Halloween.

I will get to wear my costume that night!

I will go trick-or-treating that night.

When I go trick-or-treating, I will walk beside my family.

I need to stay with my family the whole time so that I can stay safe.

I will walk on the sidewalk.

If the porch lights are off at a house, this means that the people who live there are not giving out candy. We will not go to that house.

If the porch lights are on at a house, this probably means that the people who live there are giving out candy.

When it is time to get candy at a house, I will walk to the door.

Sometimes, a person will be waiting there to give me candy.

Sometimes, I will have to ring the doorbell one time.

When the person offers candy to me, I will take one piece.

Then, I will walk back to my family again.

I will follow the rules for trick-or-treating so I can have fun and stay safe.

Halloween will be great!
